

FirstNet State / Territory Communications Toolkit

"We are going to be advocates in pushing innovation and technology for years to come on behalf of public safety."

– Mike Poth, FirstNet Chief Executive Officer

FirstNet recently announced a partnership with AT&T to build, operate, and maintain the nationwide public safety broadband network. This partnership announcement is a major milestone for deploying the network in all 50 states, 5 territories, and Washington, D.C.

This toolkit provides useful resources to support outreach and awareness about the network partnership. This includes multimedia links, infographics, and other supporting materials to assist with outreach efforts. Thank you for your continued support of FirstNet.
